

Third Link Growth Fund

Quarterly Fund Report – as at 31 March 2012

Fund performance

The Fund performance is measured after fees and is calculated by comparing unit prices over the relevant performance measurement period and assuming income distributions were reinvested.

For the periods ended 31 March 2012 the Fund performance was as follows:

	Three months	Six months	One year	Two years	Three years	Since inception (June 2008) ¹
Third Link Growth Fund	+8.2%	+10.4%	-0.5%	+3.6% pa	+14.1% pa	+4.5% pa
Fund performance relative to its benchmark ²	+1.8%	+1.3%	-1.5%	+1.1% pa	+4.9% pa	+4.5% pa
S&P/ASX 300 Accumulation Index ³	+8.6%	+10.8%	-6.3%	-1.4% pa	+11.4% pa	-2.4% pa

Figures greater than one year are expressed as annual compound returns.

¹ The Third Link Growth Fund was established on 12 March 2008 (though it was not open for investment until 10 April 2008, being the date of the first PDS). Up until the end of May 2008 it was a requirement that application monies received into the Fund were kept on deposit as the unit price was held at \$1.00. This restriction was removed from the beginning of June 2008, at which time the Fund was free to invest in accordance with its objective.

² The benchmark up until the end of January 2012 was the Morningstar Multi-Sector Growth Market Index (an index constructed by reviewing the asset allocation of Australian fund managers who operate multi-sector funds and have between 61 per cent and 80 per cent of their assets in growth sectors with the balance in cash and fixed income securities) and from February 2012 onwards the benchmark was the S&P/ASX 300 Accumulation Index. These calculations are based on the performance compared to the old benchmark to January 2012 and the performance compared to the new benchmark from February 2012.

³ The S&P/ASX 300 Accumulation Index covers the largest 300 shares listed on the Australian market. Being an accumulation index, it measures changes in both the value and income of the shares.

Investment objective & benchmark

To provide an investment in Australian listed shares, with the aim of outperforming the S&P/ASX 300 Accumulation Index after fees over rolling five year periods.

The majority of the Fund's assets are invested in other managed investment funds run by third party investment managers.

The process of choosing each investment manager is based on their investment style and process, the expertise of the investment team, past performance (through different market cycles) and a range of other factors. This process is based on our extensive industry knowledge, considerable contacts and many years of experience in the investment management industry.

Fees and expenses

- an ongoing management fee of 1.4% p.a. of the gross asset value of the Fund, from which normal operating expenses are met; and
- abnormal operating expenses.

All fees received by the investment manager, net of expenses incurred, are donated to charity.

Our charitable partners

All fees received from managing the Fund's investments, net of expenses incurred, are donated to charity.

From 1 July 2012, Third Link will be embracing a new strategy for its charitable giving, known as the Third Link Thrive Program ('Thrive'). Thrive represents a portfolio approach to the charitable giving of Third Link, forging long-term partnerships with quality organisations that help Australian children and young people to thrive, not just survive.

It's a truism that our children are our future, and in a nation as prosperous as Australia it's not overly ambitious to want great things for our kids – to help them exceed, rather than just meet, educational and wellbeing benchmarks.

When selecting philanthropic partners to join the Thrive portfolio, priority will be given to organisations that are:

- national;
- serving children or young people under the age of 25;
- unique and have a demonstrable point of

- difference;
- at a crucial growth phase in their evolution, where philanthropic funding can result in significant capacity improvements within the organisation; and
 - able to demonstrate how Third Link's funding will be leveraged ('the multiplier effect') for maximum social impact.

Our charitable partners from 1 July 2012 will be as follows:

- Australian Indigenous Mentoring Experience;
- National Centre for Childhood Grief;
- Outward Bound Australia;
- Foundation for Rural and Regional Renewal;
- The Beacon Foundation.

A description of each of these organisations is listed on the Third Link web site (see the section titled 'Our charitable partners'). The list of charitable partners will change from time to

time, with such changes reflected on this website.

Acknowledgment of support

Thanks to the extraordinary and generous support of a number of investment and service professionals who have agreed to waive some or all of the fees that would otherwise be due to them for services rendered, the expenses from running the Fund are kept to a minimum, resulting in a larger pool to donate to the charitable sector.
